“There is no word so meaningless as the word ‘god’ until it is defined. No word has been used to reach absolutely opposite concepts as much as the word ‘god.’ Consequently, let us not be confused. There is much ‘spirituality’ about us today that would relate itself to the word god or to the idea god; but this is not what we are talking about. Biblical truth and spirituality is not a relationship to the word god, or to the idea god. It is a relationship to the one who is there, which is an entirely different concept.”

- Francis A. Schaeffer

God brought His people through the wilderness.

And God brought His people in to the Promised Land.

*Into the Depths of God*
“One glimpse of the King and you are consumed by a desire to see more of him and say more about him. Pew-warming is no longer an option. Junk religion will no longer suffice. Sensation-seeking is needless. Once you have seen his face you will forever long to see it again.”

- Max Lucado
